1 Grown locally, may not be organic.  
2 Available in future years as organic produce.

I understand I am making a commitment to The Farm at Skeeter Creek CSA and recognize that there is no guarantee on the exact amount of produce I will receive for my share. The Farm at Skeeter Creek CSA is operated with organic practices such as organic soil improvements, crop rotation, and irrigation when necessary. I will share both the rewards and the risks of the growing season along with the other CSA subscribers and the growers. I understand that my share may be donated elsewhere if it is not picked up within the scheduled pickup hours or if arrangements have not been made for delivery. My signature below indicates acceptance of these conditions and terms.
